

Swim Ireland accepts that it is not possible for any sport to eliminate the risk of the spread of the COVID-19 virus completely and will work with all stakeholders to minimise risk; this concept must be fully understood and accepted by all Swim Ireland members who wish to return to the water and resume aquatic activities

The purpose of this document is to ensure everyone has considered the relevant risks and the required protocols and behaviours required to return to the water as safely as possible, and to confirm adherence to same.
